

HEPU® 水泵 HEPU® WATER PUMPS

德國HEPU®有40年生產高質量私家車水泵歷史，其產品主要供歐洲車系和部分日本及韓國車系使用。

HEPU®擁有先進的生產技術及完善的售後服務。其應用車系廣泛、正廠品質，是德國出名的水泵生產商，更贏得世界汽車零件界的一致認同。
“HEPU®水泵質素高，世界聞名德國造。”

For over 40 years the German company HEPU® manufactures high quality water pumps for passenger cars. The wide range of products contains water pumps for almost all European, as well as a number of models for Japanese and Korean passenger cars.

Progressive production technologies, a flexible delivery service, a comprehensive product range and high quality standards have made HEPU® the leading German manufacturer of water pumps. HEPU® water pumps enjoy an international reputation as spare parts equivalent to original equipment quality. HEPU® water pumps means high quality – Made in Germany!

球籠防塵套及方向機防塵套 AXLE BOOT KITS & STEERING BOOT KITS

IPD以HK®品名（俗稱小車牌）提供各類防塵套。HK®防塵套符合正廠機械性能和耐熱規格，性能良好。每套球籠防塵套都配備潤滑油、卡環包等，方便安裝使用。

The quality of rubber parts always depends on the quality of the raw materials used. The axle and steering boots used by us meet the specifications for original equipment with regard to their mechanical and thermal properties and offer therefore a maximum in quality and durability. An extensive range of axle boot kits and steering boot kits for all types of passenger cars are available from IPD under the brand name HK®. Our repair kits contain all necessary accessories such as grease, fixing clamps and other assembly accessories for easy and quick repair work.

漲緊輪及皮帶輪 BELT TENSIONERS & DEFLECTION PULLEYS

IPD提供多種世界知名品牌如FAG、INA和SKF的皮帶輪和漲緊輪，同時也供其他發動機件如液壓挺桿等。
全部產品都獲得原裝正廠的認可，並具有可靠的品質保證。

We are able to supply a wide range of belt tensioners and deflection pulleys produced by well-known first equipment manufacturers such as FAG, INA and SKF. These quality products guarantee the safety and reliability of internationally established manufacturers of original equipment. In addition automatic tension pulleys according to original equipment quality are available. We are also able to supply other engine parts, such as tensioning levers and hydraulic tappets.
